

Editor's comments :

1. See the marked details.
2. Please make sure there is no unnecessary labeling of equations.
Remove the equation numbers that are not referred.
3. Please make sure all the cited papers are included in Reference, and all papers in Reference are cited in the text.
4. Please make sure my comments make sense and contain no technical errors.
5. Make sure your proofs are sound and the symbols are consistently used throughout the paper.
6. Make sure to remove unnecessary notation or symbols.
7. Make sure linguistic errors or misspellings are corrected.
8. Please present the references and mathematical symbols using CJS style.
